Auto School for Women

Woman's great opportunity during the war is to release a man for the front by taking his place at the wheel.

Our training makes women fit for Red Cross and Government service, also for public taxi work, private chauffeur work, sales demonstration and for their own cars.

A number of prominent reliable firms and private families are asking us to supply women chauffeurs to replace men. Permanent positions are open now—and after the war.

Shop instruction for women 9 to 12 two mornings each week, with 12 one-hour individual driving lessons given at student's convenience; also afternoon class from 2-5, evening class 7-10; 57 hours total.

We have inaugurated a special Automobile Course for women, starting NOV. 19th, completed in four weeks, four lessons per week, of three hours each. All women's mechanical courses identical with those offered to men.

Cut out coupon and mail it to-day to Woman's Dept.

The American Red Cross, in response to a request from the Surgeon General of the Army, has undertaken to train American women for service as nurses' aids in war hospitals in France. Enroll Now

Classes are forming constantly. The training consists of fifteen lessons in elementary hygiene and home care of the sick, and one month's practical hospital experience.

The American Red Cross wants volunteers, so far as possible, for this service, but all women who meet the qualifications may enroll. Those who cannot afford to volunteer will have necessary expenses paid by the Red Cross.

When mobilized equipment will be supplied and transportation charges paid.

Two letters of recommendation are necessary from persons not of the immediate family.
